Personal

Dear Allen:

I appreciate your letter. Tracy Barnes did call and I shall work out an engagement through him in order that I may get a briefing which, heaven knows, I need.

I have thought of you often lately, and the many problems that must confront you in these dangerous times. Dorothy and I speak of you many times. We appreciate so much our friendship with you and Clover.

With respect and warm personal regard, I am

Sincerely yours,

Honorable Prescott Bush,  
Greenwich, Connecticut

Dear Pres:

I noted the other day that you are planning a trip to Latin America commencing about the middle of next month.

If you should happen to be in Washington any time prior to your departure, I should be happy to see you and furnish you a little briefing before you depart, if you should so desire. In any event, I hope that it will be possible to see you upon your return as I should value receiving the benefit of your comments and observations.

With best wishes,

Faithfully yours,

SIGNED

Allen W. Dulles  
Director

MEMORANDUM FOR: General Cabell

I talked to Tracy Barnes who tells me that Senator Bush has requested a DD/I type briefing prior to his trip and Tracy has given a memo to Bob Amory outlining the points the senator would like to have covered. Bob has made arrangements to have [redacted], his Latin American expert, give this briefing to Senator Bush at his home in Greenwich, Connecticut, on 7 November.

In addition, J. C. King will supply a little list of names of prominent local people with whom the senator might be interested in talking on his trip.
